**High School Players During 2012-2013 School Year**

Camp Description: Our 17th Annual Hanford Hoops Clinics-Skills Sessions offer approximately 15 days of basketball and learning in a positive and energetic setting. The key element of our summer clinics is to improve shooting and ball skills. We will spend time on shooting technique, repetitions, offensive moves, and a variety of ball handling skills. Players will be given dozens of drills and things they can do to vastly improve their shooting, ball skills, and their overall game. We will also continue to improve our team offense and defensive abilities. We promise up to 15 days of great basketball!
