- I'd like my student to return to school as soon as possible and I have few worries about safety regarding exposure to COVID-19
- I'll be ready for my student to return next fall and I'm confident that schools will take the necessary precautions
- My student will return next fall but I have worries about safety regarding exposure to COVID-19
- My student will return next fall but only if schools have taken extra precautions
- My student will NOT be returning next fall because of COVID risks. We would like to wait until we know more about the situation
